

Join us at the Iowa Power Farming Show
to learn how 4R Plus practices improve soil health.

WHAT

4R Plus, which combine the 4Rs of nutrient stewardship with conservation practices, equip you with tools to improve soil health and achieve a more productive crop now and in the future. That's why 4R Plus and Iowa Corn have joined forces to bring you two seminars to learn about these important practices.

WHERE

The Iowa Power Farming Show is at the Iowa Events Center in Des Moines, Iowa

- **Tuesday, Jan. 29, 11:15 a.m., Room 311**
- **Wednesday, Jan. 30, 11:15 a.m., Room 311**

WHO

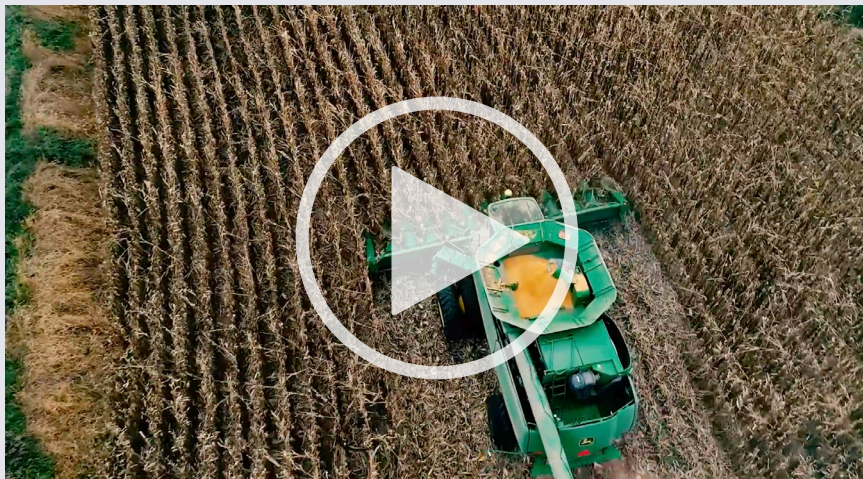

You will hear from Iowa farmers, as well as invited panelist Iowa Deputy Secretary of Agriculture Julie Kenney, talk about their use of precise nutrient management and conservation practices to improve soil health and water quality - all while protecting their yields.

Julie Kenney

Iowa Deputy Secretary of Agriculture Julie Kenney and her husband operate a corn and soybean farm in Story County.

Watch this video to learn how the 4R Plus approach makes the
most of your most valuable asset, the soil beneath your feet.
